ADVERTISING FEATURE

Pride of RoofSure as it is awarded Government-endorsed TrustMark

ROOFSURE LTD are proud to announce and shout from the roof tops that they are the first roofing and insulation company to be awarded the prestigious, Government endorsed TrustMark.

This accolade can only be awarded to companies who have continuously traded under the same name, are members of Fair Trades and have the highest quality and standards of workmanship.

What is TrustMark?

TrustMark is an award-winning scheme supported by Government, building industry and consumer protection groups to help you find reliable, trustworthy tradesmen to make improvements and repairs inside and outside your home.

Standards

If a firm displays the TrustMark logo you know that a trade association or other certification organisation has approved and checked the firm and found that it meets certain standards set by the Government.

Please check out a company's track record before you place business!

Only then will you get the peace of mind that your home improvement is being carried out by a top quality company and top quality tradesmen.

Rest assured RoofSure has a reputation

you can trust.

What is the RoofSure System?

The RoofSure system is a permanent solution to your roofing problems.

Due to the specialised nature of traditionally constructed roofs, all spray installers have a specialist remedial team to carry out necessary roof repairs.

RoofSure's highly trained BUFGA-approved (British Urethane Foam Contractors' Association) technicians will spray apply the polyurethane foam directly to the underside of your roof to bond slipping slates and tiles, insulate and strengthen the entire roof structure, stop illegal roof entry and keep out all rain, snow, wind and sand.

This is installed in one to two fuss free days and guaranteed for 30 years.

The RoofSure system is the most effective form of insulation available on the market today.

With the RoofSure system installed heat loss is a thing of the past, dramatically reducing fuel bills.

Telephone RoofSure on (01253) 839888.
