V1.2 November 21

Funded Scheme Guidance

Some of the schemes described may have specific Local Authority rules that override this guidance.

The various schemes require different installation standards and the appropriate competence, qualification and registration for either PAS 2030:19, MCS, CPS, GSR as applicable.

Most of these schemes and their eligible measures will require notification under the Building Regulations via a Competent Person Scheme (CPS), which may be the same scheme that certifies under PAS 2030 or MCS.

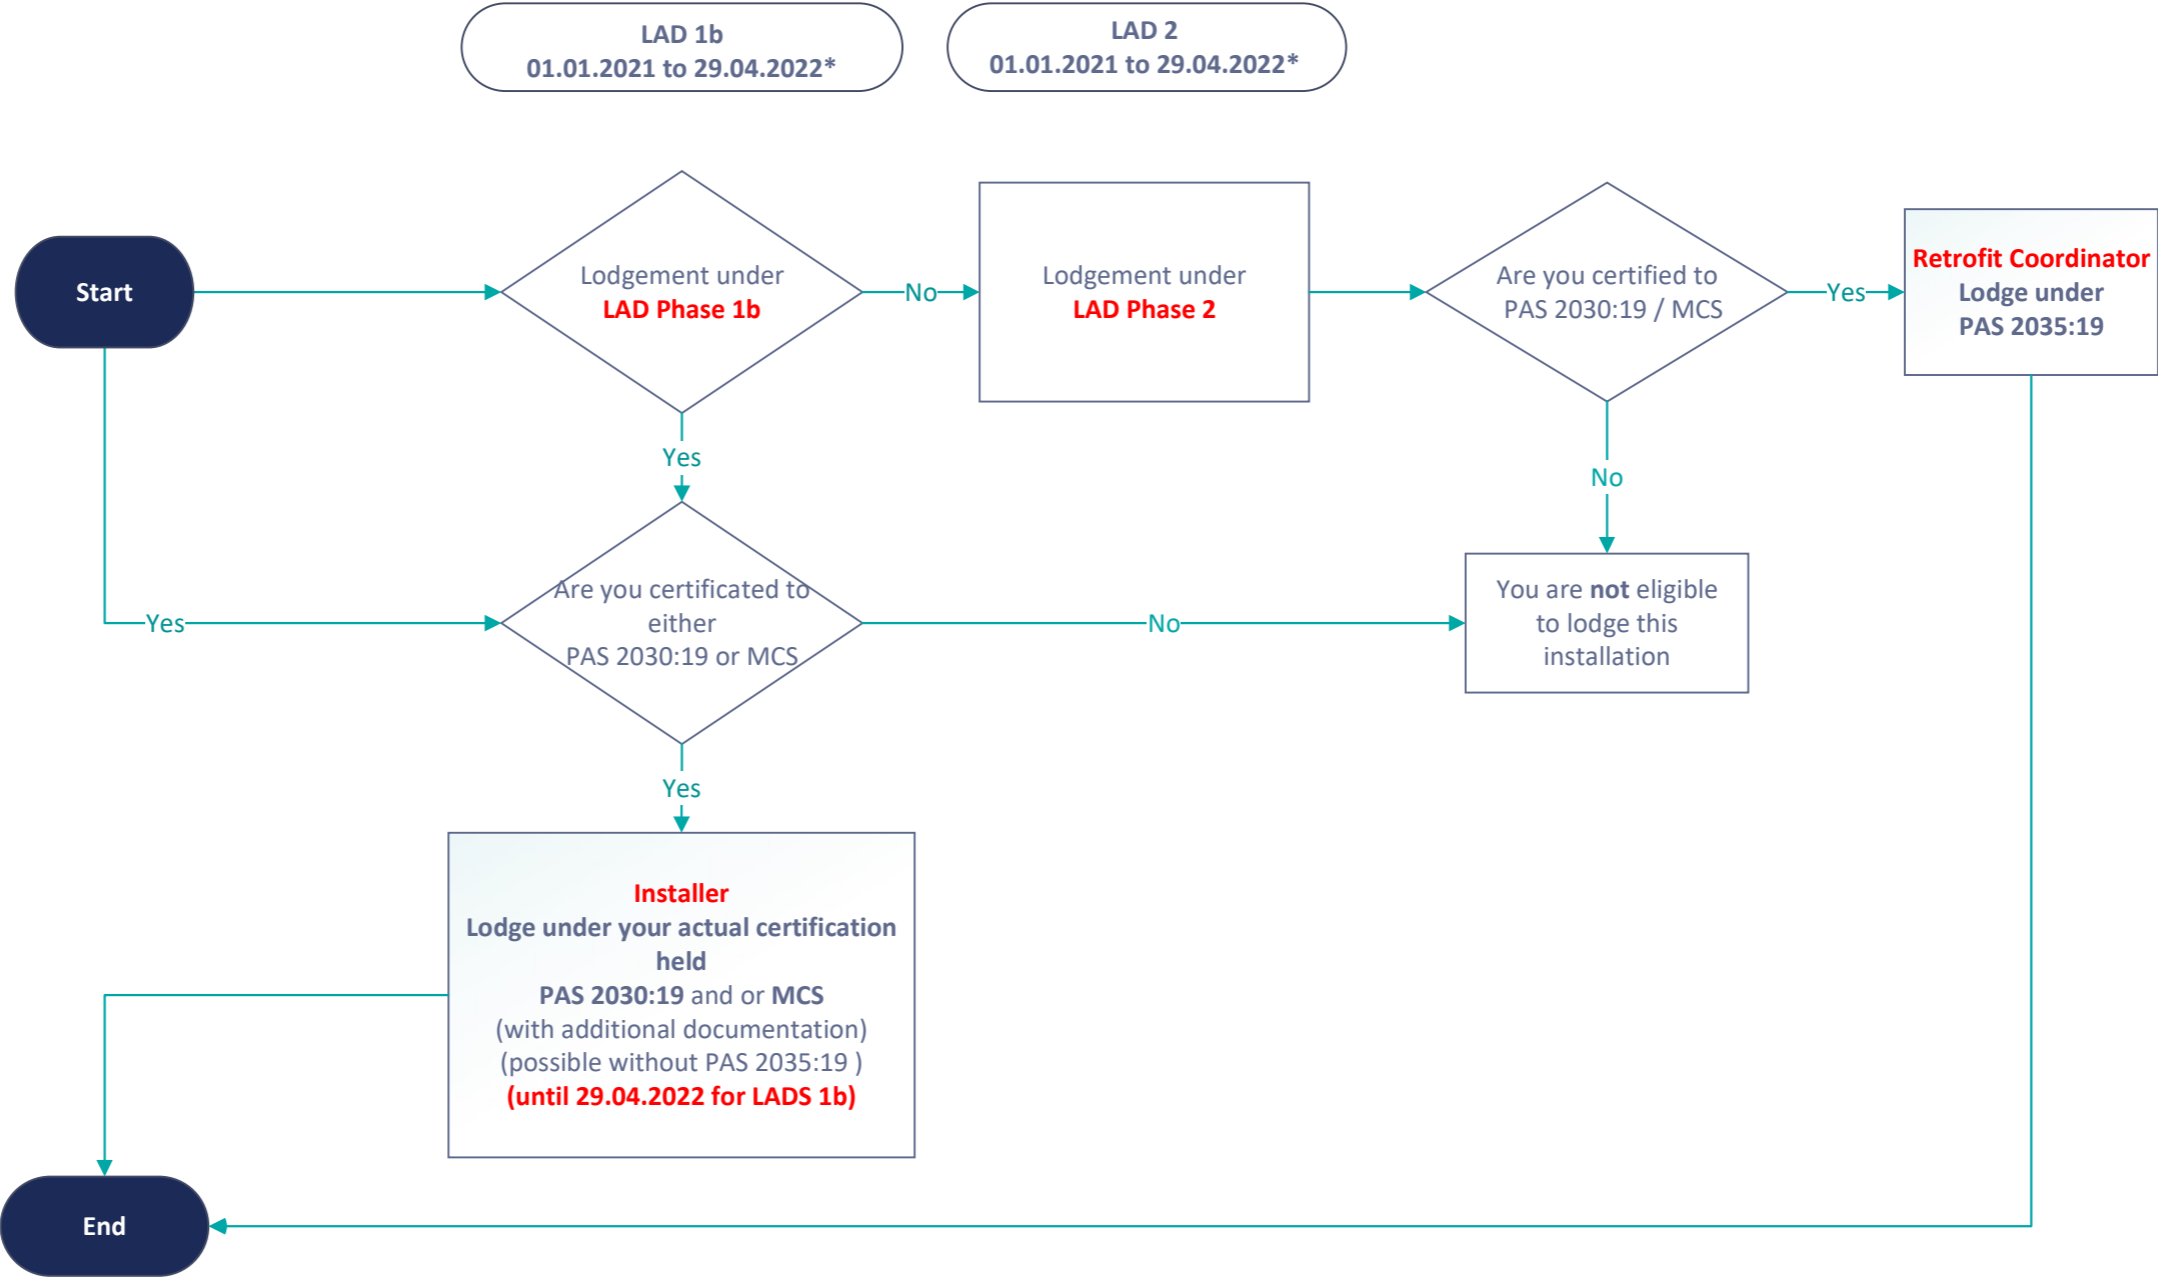

Those Registered Businesses (Installers) that have transitioned to PAS 2030:19, must comply with PAS 2030:19 and therefore a Retrofit Coordinator must lodge against PAS 2035:19.

Local Authority Delivery (LAD) Phases

P1b Closure Date: 31/03/22 Final Lodgement: 29/04/22

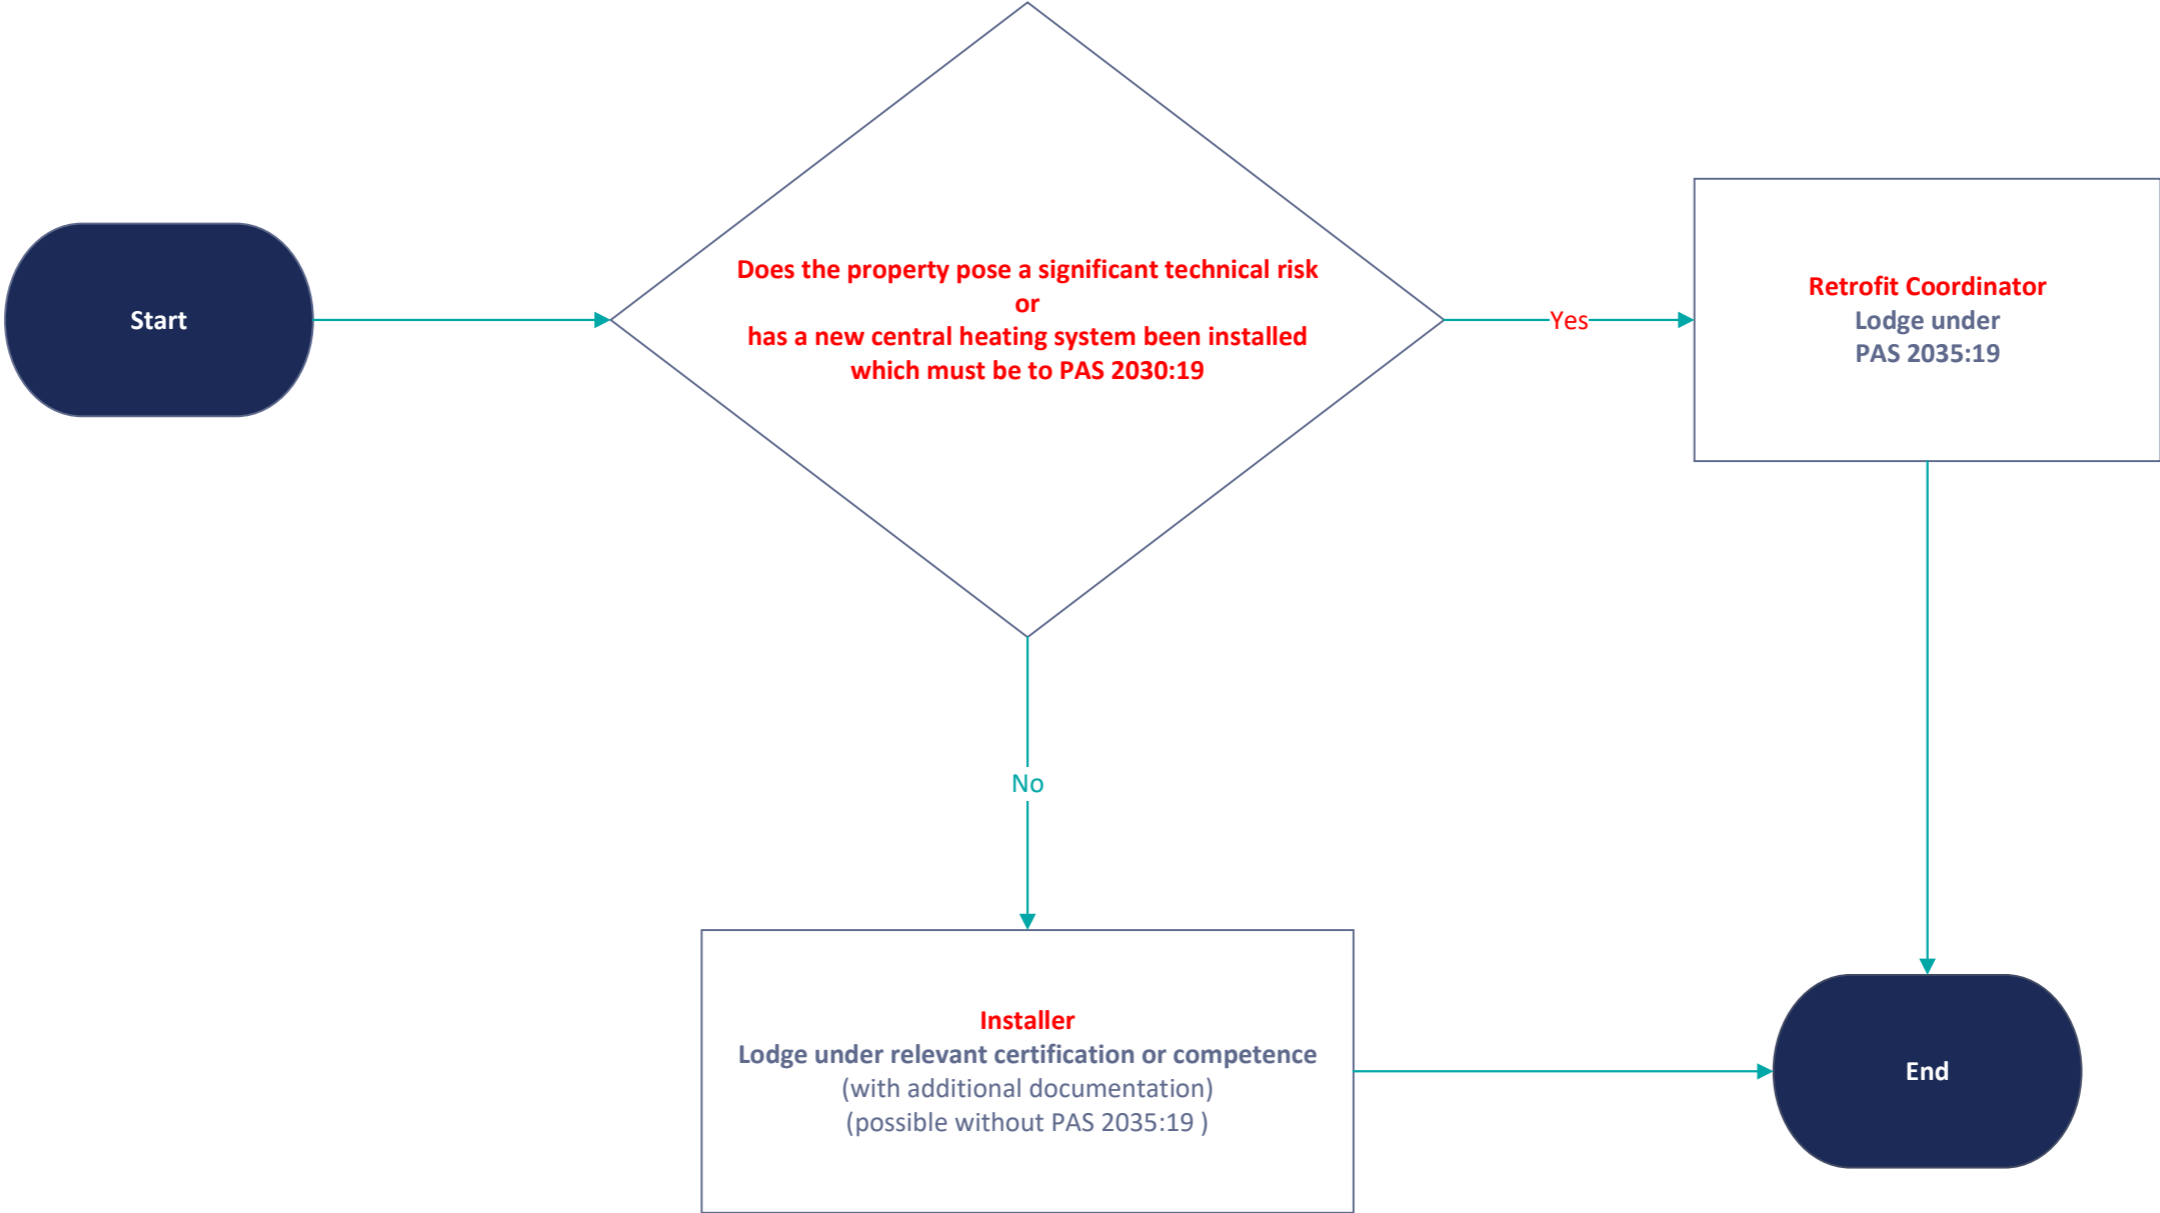

P2 Closure Date: 31/03/22 Final Lodgement: 29/04/22
